

# 2013 Asian American Engineer of the Year Award

March 2, 2013 ♦ Hyatt Regency Dallas, Texas

One month into 2013, we celebrate our own New Year. We are Asians in America. We are professionals in corporations, universities, US armed services and cutting edge research institutions.

We are Nobel Prize laureates. We are cream of the crop in science, technology, engineering and mathematics. We are proud of our talents, expertise, together with our cultural heritage.

Light up the lanterns, light up the firecrackers! Join the **National Engineers Week**. Join the celebration. For the 12th year in a row, we celebrate Asian American Engineer of the Year Award – **AAEOY**.
